

# C CLAMP

from a Treasury of Scrap Quilts, Nancy J. Martin

# C Clamp

9" finished block

From you scrap basket: light, medium and/or dark prints that suggest garden backgrounds. One floral print.

Use a variety of prints for the best effect.

For block cut:

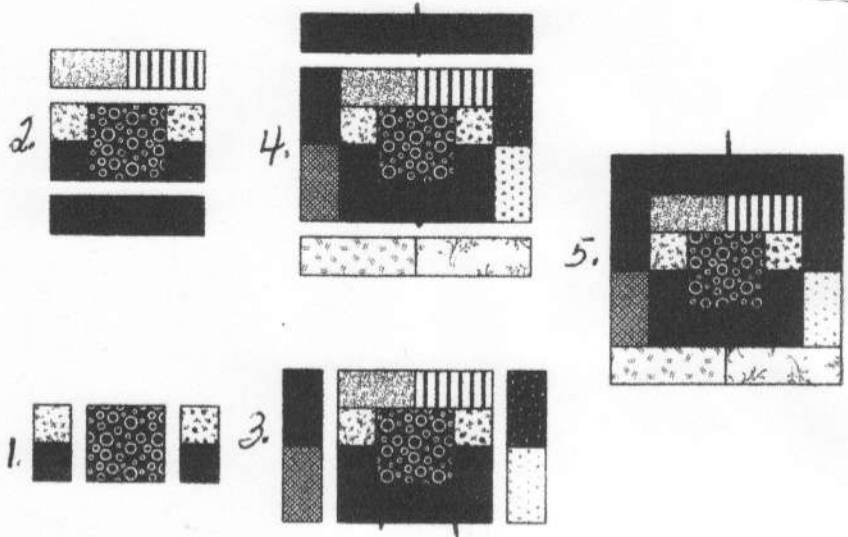

1 3 1/2" X 3 1/2" square floral print

From light prints:

2 2" X 2" squares  
4 2" X 3 1/2" rectangles  
2 2" X 5" rectangles

From medium or dark prints:

2 2" X 2" squares  
4 2" X 3 1/2" rectangles  
2 2" X 5" rectangles

To construct block:

1. Sew one light 2" square to a med/dark 2" square. Make two sets. Sew to the 3 1/2" floral square making sure the light or the med fabrics are opposite each other when sewn to the floral square.
2. Sew 2 light print 2" X 3 1/2 rectangles together at their narrow end. Sew 2 med/dark 2" X 3 1/2" rectangles together at their narrow end. Sew to opposite side of 3 1/2" floral square, light strips to light side, med/dark strips to med/dark side.
3. Sew a light 2" X 3 1/2" rectangle to a med/dark 2" X 3 1/2" rectangle. Make 2 sets. Add these strips to the block making sure the light rectangles are on the dark side, the dark rectangles are on the light side.
4. Sew 2 light 2" X 5" rectangles together at their narrow end. Repeat with the med/dark rectangles. Sew these to the block on the remaining long side, light on the dark side, dark on the light side.
5. Sew 2 2" X 3 1/2" light rectangles together. Do the same with 2 med./dark rectangles. Sew these to each of the remaining sides of the floral block.

Sign and date your block in the seam allowance on the back of your block.
